With financial support from the

Federal Ministry
for Economic Cooperation
and Development

Is the Institute for International Cooperation of the Deutscher Volkshochschul-Verband e.V. (DVV), the German Adult Education Association, DVV represents the interests of approximately 900 Adult Education centers (Volkshochschulen) and their state associations, the largest further education providers in Germany.

One of the leading professional organizations in the field of adult education and development cooperation for more than 50 years.

DVV International cooperates with more than 200 partners in more than 30 countries in Asia, Africa, Latin America and Europe. Regional and national offices of DVV International build local and regional cooperation, providing high-quality and effective activities to create and develop sustainable structures in adult education.

In concert with national, regional and global adult education associations, DVV International promotes lobby work and advocacy for the human right to education and for lifelong learning. To achieve this, DVV International focuses on the objectives of the UN Sustainable Development Goals (SDG), the global education agenda (Education 2030) and the UNESCO World Conference on Adult Education (CONFITEA).

DVV International Ukraine

The Representative Office of DVV International in Ukraine started its operations in 2010 with the purpose to promote adult education as a key to public welfare and sustainable development.

Our Goal

The goal of DVV International Ukraine is to support the establishment and development of sustainable structures for youth and adult education.

What we do

DVV International Ukraine promotes adult education on three different levels: the micro level (educational measures for adult learners), the meso level (assistance to develop stronger organizational structures of adult education providers and their networks) and the macro level (advisory services on sector policy and public advocacy work). Our strategic priorities are as follows:

- Development of adult education centers to stimulate demand for learning and improve the accessibility of learning opportunities for adults
- Strengthening the capacity of adult education providers via training, experts exchange at national, regional and international level in order to impact management, content and the delivery mode of adult education
- Advocacy for adult education and lifelong learning to increase people's awareness about the benefits of adult education across the country via information campaigns and political dialogue with decision makers
- Introduction of empowering adult education methods and innovative approaches as a key in developing citizenship and competences among adults willing to engage in lifelong learning and among those who are hard to reach
- Development of educational programmes for adults to increase their employability and income, their civic engagement and political participation and support their social integration
- Promotion of partners' inclusion into international processes and networks of lifelong learning for building synergies among various actors
- Networking and best practice sharing among Ukrainian adult education providers for a mutual strengthening of the sector

Together with our partners, we develop educational programmes for adults in various areas including:

- Vocational training and entrepreneurship
- Civic education
- Culture and Creativity
- Ecology
- Health

Connecting, supporting, developing

Our Partners

DVV International Ukraine continuously cooperates with civil society organizations, universities and other academic institutions providing various kinds of continuing education and training, as well as with ministries, municipalities, local self-governance and employment centers.
